

# CENTRAL VALLEY OPPORTUNITY CENTER

## DANIEL GARCIA, MCOE Phoenix Project

Daniel Garcia faced several hardships in his life in particular with guns and drugs. Having served time, he knew he wanted to go in a different direction and that's when he joined MCOE's Phoenix Project. He enrolled in CVOC's truck driving training course on 10/23/17. Soon after, he obtained his certificate and got his Class A License. Soon after, he was hired by Central Valley Concrete earning \$16.00 per hour and is still there to this day.
